

Laporan Remidi Quiz 1

1. Diagram Class

2. class Mobil.java

```
package com.alan.remidiKuis1;

public class Mobil {
    private String warna;
    private int maxSpeed;

    public void carInfo() {
        System.out.println("Warna Mobil = " + warna + " | Kecepatan Maksimal = " + maxSpeed);
    }

    public void setWarna(String warna) {
        this.warna = warna;
    }

    public void setMaxSpeed(int maxSpeed) {
        this.maxSpeed = maxSpeed;
    }
}
```

3. class KijangInnova.java

```
package com.alan.remidiKuis1;

public class KijangInnova extends Mobil{
    public void innovaDemo () {
        Engine e = new Engine();
        e.start();
    }
}
```

4. class Engine.java

```
package com.alan.remidiKuis1;

public class Engine {
    public void start() {
        System.out.println("Nyalakan Mesin");
    }

    public void stop() {
        System.out.println("Hentikan Mesin");
    }
}
```

5. class RemidiTest.java

```
package com.alan.remidiKuis1;

public class RemidiTest {
    public static void main(String[] args) {
        KijangInnova ki = new KijangInnova();
        ki.setWarna("Silver");
        ki.setMaxSpeed(200);
        ki.carInfo();
        ki.innovaDemo();
    }
}
```

6. Output

```
run:
Warna Mobil = Silver | Kecepatan Maksimal = 200
Nyalakan Mesin
BUILD SUCCESSFUL (total time: 0 seconds)
```
